What's That Like?

If I opened up my heart to you
Would you accept me
If I told you, you were the one
Would you reject me
If I gave you butterflies
Would you be scared to let me know
Just what you feel
Are you scared to let that go

If you were by my side
Would you cry if I needed to feel
More secure with our love
Would you give me something real
Would you be there
If I tripped and lost all hope
Would you show me that you cared
And never leave me alone

If I was to fall in love
Would catch me?
If I have something to say to you
Would you let me?
Could you take me for me
Are you accepting
Or who would I have to be
To receive your blessings

I truly believe that love
Is more than skin deep
If I lost my looks or my cool
Would you stick with me
Would you take my love and all I do
For granted
I'm trusting you to love me
If you can stand it
